

Medications Information

When coming to the ranch we ask that you transfer all your prescribed medications to our pharmacy at

People's Pharmacy, located at #13-24th Ave North.

Cranbrook, British Columbia

Tel: 250-420-4133

Fax: 250-420-4135

as our pharmacy dispenses your medications to maintain quality control and honour our licensing requirements.

Our Ranch physician can also be available for you to visit in Cranbrook should the need arise or if you need to have your medications re-ordered. If you are unable to have your medication scripts transferred to our pharmacy you will need to see our ranch physician to assist you with this.

We ask that all clients bring 5 days' worth of prescribed medications to cover the time needed it takes to have your medications packaged. Please bring these medications in a medication vile that has a date, name of client, prescribing physician and updated medication with appropriate dosages and administration times.
